Executive Officer, PIC

14 May 1959

Special Assistant to the Director, PIC

VG-1 Production

REF : Telecon with [] (0930 on 14 May 1959)

25X1

1. [] at Port Washington informs me that the production schedule of the VG-1 Enlarger has doubled beginning in August. There will be two instruments produced each month until the order is completed.

25X1

2. PIC has ordered their second instrument; and due to the urgent need of the Center, it is requested that one of the instruments produced in August be slated to come to PIC. This should not interfere with the schedule as it had been arranged previously by []. These items were ordered under [] procurement.

25X1
25X1

4. It is requested that [] be formally requested to arrange for the earliest possible delivery of the second instrument for PIC.
